Open Enrollment 2006 *Opportunity to Change Health, Dental, or Vision Plans*

Each year, the Healthy Families Program (HFP) gives members the opportunity to change their health, dental, or vision plans. This is referred to as the "Open Enrollment" period. Open Enrollment begins April 15th and ends May 31st. At the beginning of April, members will receive an information packet about Open Enrollment. This personalized packet lets members know if their current plans are still providing services in their area and includes a list of the health, dental, and vision plans that also provide services in the member's area.

Universal Care Health Plan and Universal Care Dental Plan will no longer be providing services for the Healthy Families Programs as of July 1, 2006. Members currently enrolled in Universal Care Health will be transferred to Health Net HMO and those enrolled in Universal Care Dental will be transferred to Health Net Dental on July 1, 2006 if they do not choose other plans during Open Enrollment. Affected members will receive a special packet in the beginning of May explaining their choices. Most of these members reside in

Ventura, Orange, San Bernardino, and Los Angeles counties.

There are a number of other plan changes for the 2006-2007 benefit year, including a change in the Community Provider Plan (CPP) for Sacramento, Ventura, and Stanislaus counties. This means that members enrolled in the previous CPP will have a higher premium unless they change to the new CPP. The Open Enrollment packet these members receive will explain any changes to the CPP in the member's county and the impact it will have on their premium amount. For more information about these changes and how a CPP for a county is chosen, please see the related article on page 3 of this newsletter.

If a member needs a new Open Enrollment packet, they may call 1-888-439-4741 to request one. In some cases, the Healthy Families Program may not have a member's most recent address. It is important to encourage members to tell the HFP of any address changes by calling 1-888-439-4741, Monday through Friday, 8:00 a.m. to 8:00 p.m., or on Saturday, 8:00 a.m. to 5:00 p.m. The call is free.

What to Expect in an Open Enrollment Packet

Each Open Enrollment packet will contain:

Cover Page that tells a member if any of their plans are no longer available or if their health plan is now/no longer a Community Provider Health Plan

Cover Letter that explains the Open Enrollment process, including timelines and contact information

Personal Fact Sheet that provides the member's current health, dental, and vision plans and premium amounts

Customer Satisfaction Survey that asks about a member's satisfaction with his/her health, dental, and vision plans

Transfer Request Form that should be returned to the Healthy Families Program if a member wants to change his/her health, dental, or vision plan

Plan Comparison Grid that provides comparison information about each of the plans available in a member's county

Plan Ads that provide short descriptions of each of the plans available in a member's county

Language Grid that provides information about the language options offered by each of the plans

2006 Federal Income Guidelines

Each April 1, new Federal Income Guidelines (FIGs) are provided. These guidelines are adjusted each year and provide income ranges that are used as the basis for determining premiums in the Healthy Families Program (HFP). The new FIG levels are used for all applications received on or after April 1, 2006. The new 2006 FIGs are available on the Healthy Families website in English at www.healthyfamilies.ca.gov/English/Publications/FIG_2006_English.pdf and

additionally in Spanish at www.healthyfamilies.ca.gov/Spanish/Publications/FIG_2006_Spanish.pdf. New HFP applications will also contain these new guidelines. Applications are available online in English, Spanish, Armenian, Cambodian, Chinese, Farsi, Hmong, Korean, Lao, Russian, and Vietnamese on the HFP website at www.healthyfamilies.ca.gov/English/appldownload.html.

Community Plan Provider Changes: How Do They Affect HFP Members?

The Community Provider Plan (CPP) is the health plan participating in the Healthy Families Program offered at a \$3 per month discount to subscribers. There is a CPP in each of the 58 counties in California. A plan is designated as the CPP if it has done the best job of including traditional and safety net providers in its network as measured by the Child Health and Disability Providers (35% of their score), clinic providers (45% of their score), and hospitals (20% of their score).

An audit is required in counties where there is less than a 15% difference between the highest scores or if there appears to be a change in the highest score from the year before. There were eight counties requiring audits this year, however plans had the option of not participating in the audit if they wished to relinquish their CPP status. As a result, audits were only conducted in Monterey, Napa, Sacramento, Stanislaus, and Ventura counties.

There were three CPP changes for 2006-2007. The affected counties are Sacramento, Stanislaus and Ventura. For members enrolled in the previous CPP, this means they must change to the new CPP in order to keep their premiums at the discounted rate. For members already enrolled in the new

2006-2007 Community Plan Provider Changes

- **Sacramento County will change from Blue Cross HMO to Health Net HMO**

- **Stanislaus County will change from Blue Cross HMO to Health Net HMO**

- **Ventura County will change from Ventura County HCP to Blue Cross EPO**

CPP, this will mean their premiums will be discounted by \$3 per month should they choose to stay enrolled in the plan. Members affected by these CPP changes will receive a personalized Open Enrollment packet which explains the impact to their premium amount. For more information about the Open Enrollment process, please see the related article on page 1 of this newsletter.

Protecting an Applicant's Confidentiality

Some Enrollment Entities (EE) and Certified Application Assistants (CAA) have expressed frustration in the past over calling the Healthy Families Program (HFP) on behalf of an applicant or member and not being given information about that person's application or case. While the HFP realizes that EEs and CAAs are trying to assist the applicant when they call, the HFP must also guard the confidentiality of the HFP applicant. The only way to do this is to have the expressed permission of the applicant in the form of a signature.

For example, in the HFP Call Center, agents are only authorized to speak with the applicant or an authorized representative. Authorization occurs when an applicant completes question number 53 of their application with the authorized person's name and the applicant's signature. (This is question 54 on the revised application.) Another way for applicants to provide authorization is to complete the Authorized Representative Form which can be found online at www.healthyfamilies.ca.gov/English/Publications/AuthorizedRepForm.pdf Once this authorization is established, the HFP Call Center agents will work with the representative, providing whatever information necessary to assist the application process.

Changes to the Joint Application: Some Online Now, Some Coming Soon

Changes to the Current HFP/Medi-Cal Joint Application

The HFP/Medi-Cal Joint Application has recently been updated with the addition of two new questions:

Question #50: *Check this box if you do not want Medi-Cal to share your child's application with the low-cost Healthy Families if your child no longer qualifies for no-cost Medi-Cal.*

Question #54: *If you would like information released to a CAA, check this box: By checking this box and signing below, I give my permission for Healthy Families and Medi-Cal to give information over the telephone about the status of this Application to the representative of the Enrollment Entity organization identified below. This permission will end on the date the program mails the results of the eligibility determination on this Application.*

This revised application is currently available on the Healthy Families website:

(www.healthyfamilies.ca.gov/English/appldownload.html) in English, Spanish, Armenian, Cambodian, Chinese, Farsi, Hmong, Korean, Lao, Russian, and Vietnamese. It has been updated to include the new 2006 Federal Income Guidelines.

New Application Released Fall 2006

The HFP/Medi-Cal Joint Application is in the process of being revised, and this new application is scheduled to be available in the fall of 2006. There are approximately twelve new questions that will be added to the new application. These questions include:

- Applicant's email address
- Is the child living away from home
- Medi-Cal Benefits Card number (BIC)
- Additional reasons for Employer Sponsored Insurance coverage termination
- Other family members' gender and date of birth

·Opportunity to opt out of Healthy Kids Program if not eligible for HFP or Medi-Cal

Additional revisions to the HFP/Medi-Cal Joint Application include:

- Toll-free line listing CAAs who are Health-e-App users so that referrals can be made to the applicants wishing to complete their application online
- Production and translation in two additional languages - Arabic and Tagalog

The new application will be available on the Healthy Families website as soon as it is available to the public.

Helpful EE/CAA Resources

Help Desk for EEs and CAAs

Healthy Families offers a help desk for Enrollment Entities and Certified Application Assistants who are interested in training or updating their registration information. The help desk also provides basic information regarding eligibility. If you wish to contact the EE/CAA Help Desk, please call 1-800-279-5012 Monday through Saturday between 8:30 a.m. and 5:00 p.m. or send an e-mail to ee-caalialison@maximus.com.

HFP Website -CAA Section

The CAA section of the HFP website contains important information and resources, including program changes, newsletter archives, Health-e-App information, the CAA reference manual, the CAA tutorial refresher, citizenship and immigration information, ITP forms, CAA

training, and EE reimbursement information. The CAA section of the HFP website can be accessed at: www.healthyfamilies.ca.gov/English/caa/caa_ee.html.

Health-e-App Website

This site is dedicated to helping California's Enrollment Entities, Certified Application Assistants, eligibility workers, and counties use Health-e-App, the online application for Healthy Families and Medi-Cal for Children. The site can be accessed at: www.dhs.ca.gov/health-e-App/.

Health-e-App Toll Free Line

For technical support with Health-e-App, call the Health-e-App Help Desk, toll-free line at 1-866-861-3443 between 8:00 a.m. to 8:00 p.m., Monday through Friday.

Spring Cleaning: Keep Your CAA List Up-to-Date

In an effort to keep Enrollment Entity (EE) and Certified Application Assistant (CAA) lists accurate and up-to-date, the Healthy Families Program (HFP) EE/CAA staff is currently reviewing all EEs and the list of affiliated CAAs. In the course of this review, EE/CAA staff found many CAAs listed as "active" with an EE even though they no longer work for that EE. When CAAs are not correctly associated to EEs, reimbursements may be delayed or denied. Accurate listings are critical to ensure EE payments can be made on applications assisted by an affiliated CAA and/or to appeal denied payments.

If you are an EE, please take a few minutes to compile a list of all your active

CAAs. On your list, be sure to include:

CAA name

CAA number

Start date with EE

Please email this updated list to

ee-caalialison@maximus.com.

Once the list is received, an EE/CAA Liaison will contact the EE to reconcile the database.

All EEs are reminded to utilize the CAA Add/Remove Form whenever a CAA joins or leaves the EE.

This form can be found on the HFP website at www.healthyfamilies.ca.gov/english/caa/pdfs/CAA_Add_Remove_Form.pdf.

Notice of Correction

From time to time, the newsletter will print something that needs a correction. If you spot a mistake that should be addressed, please contact: hfnnewsletter@maximus.com

Becoming a Certified Application Assistant

A person interested in becoming a Certified Application Assistant (CAA) for the Healthy Families Program (HFP) must first connect with an Enrollment Entity (EE). The EE/CAA Help Desk staff can assist a potential CAA with locating an EE in their area. The EE/CAA Help Desk toll-free line is 1-800-279-5012. This line is staffed Monday through Friday. Once the CAA identifies an EE they would like to connect with and receives the EE's agreement, the EE must send a completed CAA Add/Remove Form and CAA Agreement for the

new CAA to the Healthy Families Program. Both forms can be downloaded from the Healthy Families Program website at www.healthyfamilies.ca.gov/english/caa/caa_ee.html. Once received, the forms are processed and a confirmation

email is sent with registration information for online CAA training. If a potential CAA does not have Internet access, an EE/CAA Liaison can assist in determining if there is a Master Trainer available in their community. As soon as the CAA passes the certification exam, the CAA is linked to the Enrollment Entity and ready to start assisting with applications and annual eligibility reviews.

Once the CAA identifies an EE they would like to connect with and receives the EE's agreement, the EE must send a completed CAA Add/Remove Form and CAA Agreement for the new CAA to the Healthy Families Program.

Contribute to the Healthy Families Program Newsletter

This newsletter is only as good and useful as the information we receive. If you have a story idea, correction, or concern about anything you read in this newsletter, please don't hesitate to contact us at:

hfnewsletter@maximus.com

Please try to keep story submissions brief and related to the California Healthy Families or Medi-Cal for Families Program(s).

1099 Forms for the 2005 Calendar Year

Enrollment Entity (EE) service payments are considered non-employee compensation. Therefore, all payments to EEs that total more than \$600 in a calendar year are reportable to the Internal Revenue Service on Form 1099. 1099 Forms have been sent to qualifying EEs for the 2005

calendar year. However, please note that federal guidelines do not require that governmental agencies and corporations be sent a 1099 Form. For more information about the 1099 forms, please contact the EE/CAA Help Desk toll-free line at 1-800-279-5012.

Check Documentation for Smooth App Process

It can be very frustrating for an applicant to go through the Healthy Families Program (HFP) application process expecting their children to be quickly enrolled in a health, dental, and vision plan only to receive a letter from the HFP asking for more information. As a Certified Application Assistant (CAA,) there are several items you can check to ensure that the documentation the applicant is providing will be accepted and their enrollment proceeds as quickly as possible. The examples below represent some of the most common areas that can lead to delayed enrollment in the HFP:

Verify the pay stubs

-Is the pay period end date or issue date within 45 days?

-Does it indicate the frequency of pay?

Check the Profit and Loss Statement

-Does it list the business name, date, and gross income?

-Does it itemize the expenses and net income?

-Does it state "the information is true and correct to the best of my knowledge?"

Check the Employer Letter

-Does it

contain the name of the person employed?

-Is it dated within 45 days?

-Is the pay frequency and gross amount indicated?

-Is it on company letterhead or does it have the company name on the letter?

-Does it have the employer's signature?

While it may take more

time initially to go through this checklist, it will save the applicant valuable time in the HFP application process. More information about required documentation can be found at www.healthyfamilies.ca.gov/English/caa/pdfs/manual/10_Required_Documents.pdf.

When is the Best Time to Call?

Applicants looking to receive the fastest access to the HFP Call Center (1-866-848-9166)

should try calling during non-peak times:

Good.....Weekdays after 11:00 a.m.

Better.....Weekdays after 6:00 p.m.

Best.....Saturdays 8:00 a.m. to 5:00 p.m.

The Call Center is open:

Monday through Friday from 8:00 a.m. to 8:00 p.m.

Saturday from 8:00 a.m. to 5:00 p.m.

Web-Based Training Updates

The Healthy Families Program (HFP) Certified Application Assistant (CAA) Web-Based Training has been an extremely effective in preparing individuals to become CAAs, with more than 88% of participants passing the CAA exam. This interactive website provides training for potential CAAs, enabling them to learn about the HFP and Medi-Cal for

Families programs from the convenience of their own computer. The feedback has been positive, and several future enhancements are under development, including a “refresher” course for current CAAs and a course designed specifically for HFP plan partners. The HFP is close to completing a Spanish version of the CAA Web-Based Training.

This new Spanish version is planned for launch this spring and will provide a more convenient training option for potential Spanish-speaking CAAs.

Recent CAA Comments on Web-based Training

"This course is a very helpful tool for a new CAA and a good resource of basic information to the daily practice."

"I am absolutely confident in the training I took for the CAA certificate. Thank you."

"I feel very prepared, and the system was great to use."

EE Contract Reminder

Is Your Enrollment Entity Payment Contract Expiring Soon?

When an Enrollment Entity (EE) registers with the Healthy Families Program (HFP), a two-year Invitation to Participate (ITP) is established. Many ITPs are expiring soon and are in need of renewal for an additional two years with the HFP. If a new ITP is not established before the existing contract expires, reimbursements for assisted applications could be delayed or denied. ITP Renewal letters are mailed to EEs, and outreach calls

from EE/CAA Liaisons are placed to alert EEs of upcoming end dates on ITPs. If you have been with the program for approximately two years, please take a moment to verify your EE ITP end date. To renew your EE ITP, please download and submit an ITP Form from the Healthy Families website at www.healthyfamilies.ca.gov/English/caa/pdfs/ITPForm.pdf. Supporting documents for ITP renewal include but may not be limited to:

1. Copy of the organization's business license or proof of tax exempt status, insurance license or a formal letter stating the organization's Tax ID Number (documents are dependent on the EEs category)
2. Copy of the organization's W-9 Form
3. CAA Agreement (page 5 of the ITP form) for each CAA associated with your EE
4. CAA Add/Remove Form for CAAs no longer associ-
